*"I am so overwhelmed! This is such an honor and it has been such a beautiful night. Thank you to the Patrick's for this awesome gift."*

Thanks to Michael Patrick, General Manager of Patrick Auto Group and current board member of the Hanover Education Foundation, Hanover County Public Schools' Teacher of the Year Sue Albaugh, will be driving a brand new 2008 Buick Lucerne for the next year. Sue, a gifted resource teacher at Elmont Elementary School, chose her new car after test-driving several options. Patrick Auto Group will also be picking up the tab on her car insurance and maintenance for the next 12 months.

Ms. Albaugh was presented this opportunity at the Celebration of Excellence in Education Event on November 1st. She was

also presented with \$2,000 in gasoline gift cards from Addison Jones, Executive Vice-President of The Supply Room Companies.

Michael Patrick, a graduate of Hanover County Public Schools, said that Hanover County has an excellent school system, and supporting the Hanover Education Foundation and exceptional teachers is "a way to give back to the community."

Ms. Albaugh has been a teacher for 25 years, seven of these with Hanover County Public Schools. "I am so overwhelmed! This is such an honor and it has been such a beautiful night. Thank you to the Patrick's for this awesome gift."

## From the President...

**H**anover County Public Schools continued the march towards its lofty goals and high standards during the 2007-2008 school year. The Hanover Education Foundation (HEF) also has continued to strive towards its goals to be a dynamic and responsive mechanism to meet the changing educational challenges and needs of Hanover County, to encourage innovative educational programs directly benefiting teachers and students, and to serve as a non-profit body to solicit and receive tax-deductible funds from those who share our vision of excellence for Hanover Schools.

The HEF raised more than \$416,000 in revenue and pledges during the school year. We awarded over \$51,700 in scholarships to 32 Hanover students and \$55,000 to fund 28 different grants to assist teachers in their classrooms. We would like to thank Philip Morris USA who graciously donated \$15,000, which enabled us to fund more awards than ever before.

One of the highlights of the year is the annual HEF Celebration of Excellence in Education Gala, where we are able to recognize Hanover's educators and show our appreciation to those who give and do so much for the youth of this county. This Celebration, our 9th, was one of the best ever as a result of some very special gifts provided by two of Hanover's finest businesses. Our special thanks go to Michael Patrick, General Manager of Patrick Auto Group who presented our Teacher of the Year, Susan Albaugh with the use of a new vehicle for one year which included insurance and maintenance. Addison Jones, Executive Vice-President of The Supply Room Companies, then presented Susan with gas cards amounting to \$2,000 as a gasoline allowance. These gifts by Patrick Auto Group and The Supply Room Companies are a prime example of the support the HEF receives from the citizens and the business community of Hanover.

I consider it an honor to serve as President of the HEF. Every function I attend on behalf of the HEF, I am reminded of how fortunate we are to live in this county and to have such a high quality of public education. Please do not take our public education for granted. The quality of our system is a direct result of the combined efforts of our Board of Supervisors, School Board, School Administration and our teachers. The tireless efforts of these dedicated people are the reason why Hanover Schools are quickly becoming the "standard" for other school systems. It is an honor and a privilege to serve as President for an organization which is committed to assisting those who provide such quality education.

I realize and acknowledge fully that were it not for the efforts of each and every board member of the HEF, I would not have the opportunity to speak of our accomplishments. I want to personally thank the board of the HEF, Margaret Hill, the Executive Director of the Foundation and her Administrative Assistant, Anita Floyd for making 2007-2008 another "Headline" year.

L. McCauley Chenault, *President*

## Zulauf Receives Superintendent's Professional Development Award

The Hanover Education Foundation (HEF) awarded the 2007-2008 Superintendent's Professional Development Scholarship to Suzanne Zulauf, a 4th grade teacher at Pole Green Elementary School.

Ms. Zulauf will use this \$1,000 scholarship to attend the National Council of Teachers of English (NCTE) Annual Convention in San Antonio, Texas with the theme: "Because Shift Happens: Teaching in the Twenty-First Century." Ms. Zulauf feels that she should be fully equipped to give her students the tools they need to grow up knowing how to adapt in an ever-changing world. She also plans to accomplish learning more about using technologies like blogs and instant messaging effectively in the classroom during Language Arts instruction. Ms. Zulauf will share her experiences with other teachers in Hanover at an appropriate professional development session.

The Superintendent's Professional Development Scholarship was initiated by the HEF in 1999. The HEF continues to award the scholarship annually to a promising classroom teacher. The 2008 award was made at the January 8 meeting of the Hanover County School Board.

# Hanover Education Foundation Hosts Bowl-for-Education Event

On Saturday, January 12, 2008, forty-eight teams representing every school, the Hanover County School Board, Hanover County Government, several local businesses, the Central Office, and the Hanover Education Foundation (HEF) gathered at the AMF Hanover Lanes on Bell Creek Road to “Bowl for Education.” The HEF raised \$20,600 to support grants and scholarships for Hanover County students and teachers.

The first place trophy went to the team from Cavalier International, The Cavalier Crushers (James Grady, Judy Hackler, Alan Christian, Jimmy Grady). The second place trophies went to the Atlee Rolling Raiders from Atlee High School (Ryan Brugger, Logan Smith, Eric Bandy, David Rittenhouse). The third place trophy went to The Supply Room Companies, The Supply Room Splits (Yancey Jones, Jane Jones, William Quarles, David Stearrett). George Sadler, principal of Hanover High School, received the trophy for

Top: First place team from Cavalier International; Below, left to right: Second place team, Atlee Rolling Raiders; Third place team from The Supply Room Companies

highest score in a game for a male, and Judy Hackler with Cavalier International received the trophy for highest score in a game for a female.

According to Margaret Hill, Executive Director of the HEF, everyone thoroughly enjoyed the event. “With the generosity of these businesses and the hard work and support of the principals and team coordinators, the event

was a huge success,” said Ms. Hill. “It’s always great to see folks having a good time at an event that benefits our students,” she said.

The HEF is grateful to all those who supported this event: Businesses that would like to sponsor a bowling team for next year’s event may call (804) 365-4565 for more information.

# Oak Knoll Team Advances to Odyssey of the Mind World Tournament

Students arrive in Maryland.

Two Oak Knoll Middle School teams from Hanover County Public Schools, who placed first and second in the State Odyssey of the Mind Competition held Saturday, April 5, 2008 advanced to the OM World Tournament at the University of Maryland on May 31 to June 3. The students and their coaches worked hard all year perfecting their solution to their OM problems, DinoStories and Eccentrics.

The Kessler and Hess Team who chose DinoStories as their long-term problem placed 18th at the World OM Competition, and the Vallies and Proctor Team who chose the Eccentrics problem placed 14th.

The Odyssey of the Mind program is designed for highly creative students who compete in problem-solving activities. Each team is assigned a long-term Odyssey of the Mind problem and is charged with developing a solution to the problems, as well as a creative presentation of the problem and the solution for the competition judges.

The Hanover Education Foundation was proud to be one of the sponsors for the OM World Championship in Maryland. Congratulations Oak Knoll OM Teams!

Students waiting anxiously to perform.

# 11th Annual Golf Tournament Raises More Than \$60,000

On June 16, 2008, 37 teams competed in the 11th Annual Superintendent's Business Advisory Committee (BAC) Golf Tournament held at the Hanover Country Club in Hanover County. This event would not be possible without the continued support of our event sponsor, Moseley Architects. For the fifth year, the tournament was divided into two flights raising more than \$60,000 to support Hanover County Public Schools.

The school district appreciates the support of businesses that supported the event through sponsorships and donations. "We sincerely thank each of our sponsors for their generosity and ongoing support of this annual event," said Margaret Hill, Business Partnerships Specialist. "We also thank Hanover Country Club for its hospitality in welcoming us to this recently renovated championship golf course and our hard working volunteers who made the event a success. Of course, the real winners are Hanover's students."
